Academic Calendar

Students can enroll at LTU for either the fall term, spring term, or the full academic year. For introductory and intermediate level courses, the fall calendar generally runs from mid-September through mid-December. The full academic year program begins late September and runs into early July. Keep in mind that the above dates are approximate and may fluctuate from term to term.

Health Insurance

All students are required to maintain health insurance policy that will provide coverage while abroad and for the entire duration of this period. Students coming on a short-term study visa do not need to pay the Immigration Health Surcharge, but will need to obtain private medical insurance as students will be liable for any National Health Services that are used. Information on international health insurance providers can be obtained from the Center for Global Engagement. You may find that your present health insurance policy includes overseas coverage. It is important, however, that your carrier provide written verification of such coverage.

So, how do I get started?

Simply come by the Center for Global Engagement to pick up an application form. Remember! Applications are due March 1 for the fall term and October 1 for the spring term.
