## **Lock Haven University of Pennsylvania** **Housing Policy for Discipline and Justice Involved Students**

- A. Policy Statement:** Lock Haven University (LHU) strives to provide a safe campus and learning environment. As a part of that effort, when the Office of Student & Residence Life receives an application for housing<sup>1</sup> from an individual who has been convicted of certain criminal offenses and/or received a disciplinary sanction from an institution of higher education, the application will be forwarded to the Discipline/Justice Involved Students Review Committee.

A conviction or disciplinary action does not, in and of itself, disqualify an applicant from residential housing. The Committee's task is to evaluate the nature and extent of the applicant's potential threat to campus safety and the University's learning environment based on considerations of the nature and age of the offense, its severity and the relation of offense or disciplinary action to campus housing.

The Committee will review the completed documentation and determine if the applicant is eligible for residential housing. As part of this process, the University may request additional documentation from the applicant and may, where appropriate, request that the applicant appear for an interview with the Committee. The Committee's decision is final.

If the relevant requested documentation is not received from the applicant, the application will remain incomplete. Should the requested documentation not be received within 2 weeks of the document request date, the Office of Student & Residence Life has the option to cancel the application as incomplete.

If an applicant answers no to the criminal background or the disciplinary history application question(s) and it is later found the applicant did not truthfully respond to the questionnaire or provide complete and truthful information, the University has the right to rescind the offer of residential housing or take disciplinary action that may include removal from housing and/or dismissal from the University.

- B. Reason for Policy:** This policy has been established to provide consistent and equitable decisions regarding access to residential housing for those individuals with prior involvement with justice or student conduct actions.

- C. Appeal Statement/Process:** Not applicable.
