Letter from the President

To the University Community:

Our University mission to provide excellent education and support student success requires extraordinarily gifted people and a supportive community. However, most importantly, we need to provide an environment in which individuals feel safe to learn, work, and live. The principles of accountability and respect are essential to this goal. Although our beautiful rural campus is welcoming, it is not immune to crime. Each one of us has a duty to promote a secure and supportive environment at our University. This report includes tips to prevent or deter crime, for example, always locking the door to your room, office, or lab. It also contains valuable information that may help improve the safety of everyone on our campus. If you observe suspicious activity, please report it to LHUPD at 570-484-2278 or by using an emergency phone on campus.

This report provides information about services, policies, procedures, and preventative tips that you should know and be familiar with before a crisis occurs. We thank you for reading this report and for making campus safety a priority. We can all contribute to a welcoming and safe environment.

Sincerely,

Bashar Hanna, Ph.D.
Letter from the Director of Public Safety

To the University Community:

Lock Haven University is a community of more than 5000 people working, living, and studying on a beautiful, historic campus in Lock Haven, Pennsylvania. Living and working in a tranquil environment like LHU can cause us to forget that crime and other problems can plagues us just as they do communities outside the gates of the University. The purpose of this report is to equip you with the information you need to stay safe while at the University.

The Department of Public Safety is the primary department at the University charged with creating a safe and secure environment. This task, however, is not one we can accomplish alone. Crime prevention, risk identification, and problem solving are the responsibilities of everyone. We ask you to join us in these efforts by reading this report and referring to it often.

Our efforts to maintain a safe and secure environment rely on our ability to develop collaborative relationships with the many communities that make up the University. We believe that through partnering and problem solving, we can make LHU one of the safest universities in the nation. Our commitment to the philosophy of community policing and problem solving will take a significant new turn with a broader involvement in the community. In addition to engaging in some of the more routine strategies, our officers will introduce new programs to engage the community in collective problem identification and identifying solutions. We are excited about this new initiative and confident that it will contribute to the quality of life on campus.

We hope you will find this report informative and helpful, and that your stay at LHU will be both pleasant and safe. If you have questions or would like further information about safety and security at Lock Haven University, please visit us at http://www.lockhaven.edu/publicsafety/police.html.

Sincerely,

Tim A. Stringer

Introduction

Lock Haven University is a state-owned institution and a member of the State System of Higher Education in the Commonwealth of Pennsylvania. The campus is located in Clinton County in central Pennsylvania in the City of Lock Haven, Pennsylvania. The Physician Assistant Graduate Program at Lock Haven University is in collaborative agreement and leases space for instructional purposes within Cole Memorial Hospital (Coudersport Campus) located in Coudersport Pennsylvania and the Dixon Center (Harrisburg Campus) located in Harrisburg Pennsylvania. These are non-residential property and housing is not offered to the graduate students within the Physician Assistant Program.

Clearfield Campus Buildings

Clearfield Campus is located in the small, friendly community of Clearfield, PA along the Susquehanna River. The Clearfield Campus is open to the public, at a minimum, during normal business hours. The academic buildings, and Founders’ Hall are secured during the evening hours and overnight. Physician Assistant students have access to the Academic Buildings at all times.

Clery Act Compliance

In 1998, the federal government passed the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, or the Clery Act. As a recipient of Federal Title IV student financial aid, Lock Haven University is required to adhere to The Jeanne Clery Disclosure of Campus Security Police and Campus Crime Statistics Act (The Clery Act). One of the provisions in the Clery Act is for all postsecondary institutions receiving federal Title IV financial aid to publish an annual report disclosing campus security policies and the three most recent years of selected crime statistics.

Requirements of the Clery Act:

- Issue an annual security report that discloses campus crime statistics for the preceding 3 calendar years to current and prospective students, employees and the U.S. Department of Education.
- Advise students and employees of Clery crimes and issue timely safety warnings and emergency notifications for crimes that pose a serious or continuous threat to the campus community.
- Include policy statements regarding (but not limited to) crime reporting, campus facility security and access, law enforcement authority, incidence of alcohol and drug use, and the prevention of/response to sexual assault, domestic or dating violence, and stalking.
- Maintain a public, daily log of reported crimes.
- Details on the university efforts taken to improve campus safety.

The purpose of the Clery Act is to provide current and perspective students, and employees with accurate, complete and timely information about campus safety so that they can make informed decisions.

Responsibility

Each of us needs to work cooperatively to enhance the safety of our campus by securing personal property and following personal safety guidelines. Be aware of your surroundings at all times; report suspicious persons and behavior to university officials or police; do not share personal information over the phone or your computer; lock your residence hall door at all times; lock office doors when out of your office; let Public Safety know when you are working alone in building or office outside of normal business hours; know the location of the emergency phones; lock vehicles at all times and secure valuables out of sight or in the trunk. For more tips, visit the Lock Haven University Public Safety web page at http://www.lockhaven.edu/publicsafety/safetytips.html.

Safety planning is conducted, when appropriate for staff and students when they have been affected by someone in crisis or when they are the victim of a crime with ongoing concerns for safety. Officers work with the
Department of Human Resources in support of workplace violence policies and also work with Department of Student and Residence Life to help address situations involving disruptive behavior.

**The Clery Act**  
On April 15, 1986, Jeanne Clery, a young woman attending Lehigh University, was brutally attacked and killed in her dorm room. Through lobbying by her parents, Congress passed the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. The Clery Act, as it has become known, requires that all universities make people aware if certain crimes occur on campus through an annually released crime report.

**Preparing the Annual Fire Safety and Security Report**  
The Lock Haven University Annual Fire Safety and Security Report-Clearfield Campus is generated as a tool to promote awareness for our community. The goal of the Annual Security Report is to increase awareness through education on the types of incidents reported on the campus and to bring safety to the front of everyone’s daily routine. Safety is a partnership that we all share, and taking steps to increase one’s own safety reduces the opportunity for crime to occur. The annual security report is also a source of useful information that can be used to access university resources.

It is the responsibility of the Director of Public Safety to prepare and disseminate Lock Haven University’s Annual Fire Safety and Security Report-Clearfield Campus each year. The full text of this report is located at [http://www.lockhaven.edu/clearfield/documents/2021_Clearfield_ASR.pdf](http://www.lockhaven.edu/clearfield/documents/2021_Clearfield_ASR.pdf). It is the policy of Lock Haven University to compile the Clery Report in accordance with state and federal mandates in the following manner: The Department of Public Safety gathers for statistical purposes, crime statistics reported to any of these sources listed below and recorded in the calendar year the crime was reported. The annual crime statistics report includes information requested and obtained from the following sources. Campus Security Authority: are defined by federal law as university officials who have “significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. These offices, entities, departments, and agencies include:

- Campus Security Authority (CSAs).  
- Department of Student and Residence Life  
- Department of Human Resources  
- The Sexual Misconduct Judicial Board  
- The Title IX Coordinator  
- The Lawrence Township Police Department  
- Pennsylvania State Police-Woodland  

Campus Security Authority: are defined by federal law as university officials who have “significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings.

All of the statistics are gathered, compiled, and reported to the University community via this report, which is published by the Lock Haven University Public Safety Department. LHUPD submits the annual crime statistics published in this brochure to the U.S. Department of Education. The statistical information gathered by the Department of Education is available to the public on its website.

**Definitions-Geography from the Clery Act**  
Lock Haven University is required to report Clery designated crime statistics and issue timely warnings for those crimes that represent a severe and continuing threat that occur in the following geographic locations: on campus, public property, and non-campus buildings and property.
Campus—“any building or property owned or controlled by an institution of higher education within the same reasonably contiguous geographic area of the institution and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and property within the same reasonable contiguous geographic area of the institution and is owned by institution but controlled by another person, is used by students, and supports the institutional purposes, such as a food or other retail vendor.”

On-Campus Residential – a sub category of Campus that reflects the number of on-campus incidents that occur “in dormitories or other residential facilities for students on campus.”

Non-Campus – “any building or property owned or controlled by a student organization recognized by the institution; and any building or property, other than a branch campus, owned or controlled by an institution of higher education that is used in direct support of, or in relation to, the institution’s educational purposes, is used by students, and is not within the same reasonable contiguous geographic area of the institution.”

Public Property – “all public property that is within the same reasonably contiguous geographic area of the institution, such as a sidewalk, a street, other thoroughfare or parking facility, and is adjacent to a facility owned or controlled by the institution if the facility is used by the institution in direct support of, or in a manner related to the institution’s educational purposes.”

Lock Haven University has no non-campus buildings or properties.

The Student Conduct Policy defines consent for the purposes of this section as explicit cooperation, both verbally and behaviorally. It must be voluntary and with full knowledge concerning the nature of the interaction/encounter. Previous sexual interactions shall not be considered implied consent. Silence or passivity shall not constitute consent. The Student Conduct handbook contains information regarding the preservation of evidence and information regarding protection order options, as well as the contact information for reporting to the university and law enforcement agencies. Students are encouraged to report any incidents occurring on or near the university to the Lock Haven University Police, who will begin the investigation or facilitate contact with the proper law enforcement agency where the incident occurred.

Students are encouraged to report incidents to the Lock Haven University Public Safety Department by calling 570-484-2278 or via email Public_Safety@lockhaven.edu. If the reporting person does not feel comfortable contacting the police directly, they may report any incidents to a Campus Security Authority for assistance in notifying law enforcement. All positions identified as Campus Security Authorities are listed within the annual security report.

Disclosure of Crime Statistics
Crime statistics which are included in Lock Haven University Fire Safety and Security Report-Clearfield Campus are based upon incidents reported by campus security authorities (CSAs), Campus Safety, and local police agencies. The University is required to annually report data for the most recent three calendar years concerning the occurrence on campus to include campus housing, in or on non-campus buildings or property, and on public property (as those terms are defined and interpreted for purposes of the Clery Act) for incidences of murder, manslaughter, sexual misconduct including (forcible and non-forcible) sexual assault, domestic violence, dating violence, and stalking, robbery, arson, aggravated assault, burglary, and motor vehicle theft. This reporting also includes statistics on arrests for violations of liquor or drug abuse as well as weapons possession, including disciplinary referrals for liquor, drug, and weapon violations. If there has also been a determination of a Hate Crime in any incidence of simple assault, larceny, theft, intimidation, destruction of property and vandalism, then that data is also reported. Fire data is also included for residential housing. In addition, the University will keep a daily log to include summaries of all crime and fire activity and make it available for the previous 60 days of reporting to the general public within two business days unless disclosure is prohibited by law or would jeopardize the confidentiality of the victim.

A paper copy of this report is available from Lock Haven University Department of Public Safety located in the Glennon Infirmary building 32 Glenn Road, Lock Haven, PA. The annual report contains crime and fire statistics for the most current three-year periods and is made available each year to all prospective students, current students, and employees. An e-mail notification is made to all students and employees each year that provides the direct web link http://www.lockhaven.edu/clearfield/documents/2021_Clearfield_ASR.pdf to access the Annual Fire Safety and Security Report. All prospective students and employees receive notification of the availability of the report and how to obtain it during the application process.

Daily Crime and Fire Log
The Department of Public Safety maintains a combined Daily Crime and Fire Log of all criminal incidents, alleged criminal incidents and fire/fires that are reported to the Department of Public Safety. This daily crime and fire log is available to any person requesting it 24 hours every day at the Lock Haven University Department of Public Safety,
32 Glenn Road, Glennon Infirmary, on the Lock Haven University Campus, Lock Haven, Pennsylvania. The most current 180 days of incident information is available for viewing in Room 125 of the Glennon Infirmary building 24 hours a day 7 days a week. Our past 12-month crime and fire log may be viewed by going to http://community.lhup.edu/public_safety/Dailycrime.htm.

The daily crime log contains all crimes reported to the Department regardless of the classification of the crime. Officers are required to complete an incident report form on every crime that is reported. The report includes information on the nature, date, time, general location, and disposition of each crime. New information about a log entry is also recorded in the log no later than two business days after the information has become available to the department, and is designated as an update to the original entry. Examples of this would be if criminal charges are not immediately filed but are at a later date pursuant to the outcome of an investigation, and when a final disposition is determined by judge or trial at a later date. Daily crime logs do not include identifiable information of victims.

Accurate crime reporting will assist to maximize information available so safety for prospective and current students and prospective and current employees can make informative decisions about their safety and security needs. The Lock Haven University Annual Fire Safety and Security Report-Clearfield Campus is posted on the Clearfield Campus main website at https://www.lockhaven.edu/clearfield/ each year that provides the direct web link http://www.lockhaven.edu/clearfield/documents/2021_Clearfield_ASR.pdf.

Lock Haven University Department of Public Safety reserves the right to exclude reports from the crime log in certain cases where there is clear and convincing evidence that the release of such information would jeopardize an ongoing criminal investigation or the safety of an individual, cause a suspect to flee or evade detection, or result in the destruction of evidence, until that damage is no longer likely to occur from the release of such information.

Publicly Available Recordkeeping

The University will complete publicly available record keeping without the inclusion of personally identifying information about the victim. The University will redact (remove) first and last names and other personal identifying information such as addresses, physical descriptions/date of birth, contact information, social security/driver’s license/passport and student ID numbers from reports before it is released to other parties, including any Clery Act reporting and disclosures and entries in the Daily Crime Log and Annual Security Report.

Lock Haven University Department of Public Safety

Lock Haven University Department of Public Safety is committed to the highest quality of protective services in order to maintain and improve our unique educational environment and quality of life. The goal of the Department of Public Safety is to provide professional responses to all safety and service-oriented requests from the campus community. The Department of Public Safety responsibilities range from policing, security, and emergency response for the University. The Department is located within the Glennon Infirmary building and consists of a full-time commissioned director, 10 commissioned officers, 1 part time clerk dispatcher, 3 full time clerk dispatchers and 1 full time clerical supervisor. The Department operates 24 hours a day 365 days a year. All police officers are certified first responders, using vehicles equipped with mobile computers, emergency medical and response equipment. The department patrols consist of marked units, bicycle, and foot patrols for the Lock Haven University campus.

In Pennsylvania, the State System of Higher Education Act 188 of 1982, as amended by Act 48 of 2003, establishes and defines the authority and jurisdiction of Campus Police Officers. This act granted university police officers the authority to exercise the same powers that are granted to municipal officers until the Statewide Municipal Police Jurisdiction Act (Title 42, 8953) on university-owned or -leased property. All Lock Haven University Police officers are commissioned through the Governor of the Commonwealth of Pennsylvania.
All police officers have completed the required training or equivalent of the Pennsylvania Municipal Police Officer Training Academy (Act 120). All officers have full police powers, arrest authority, and are required to maintain certifications in CPR including the use of AEDs, firearms, and annual Act 180 mandatory in-service training through the Municipal Police Officers Education and Training Commission or the Pennsylvania Chiefs of Police Association. Complete background investigations are made on all applicants considered for the Public Safety police officer employment, including Pennsylvania State Police records, psychological testing, and personal reference checks. The Department officers patrol campus on foot and in marked and unmarked police vehicles. The officers also attend additional specialized training, such as active-shooter training, report writing, as it becomes available.

The Department of Public Safety maintains a 24-hour dispatch center to answer all calls for assistance. Upon receiving a request for assistance, an officer, along with any other appropriate personnel, will be immediately dispatched to the location. In cases involving criminal activity, University police officers will respond and conduct an investigation. In cases of minor violations of state statute, city and county ordinances, or University rules, regulations or policies, campus police may, in addition to, or in lieu of criminal charges, refer violators to the Dean of Student and Residence Life for disciplinary action under the Code of Student Conduct.

Officers are responsible for observing, reporting and taking appropriate actions in all instances of criminal and suspicious activities. They are also responsible for detecting and reporting fire and safety hazards, as well as implementing evacuation procedures. Reports to state and local police are not required.

The Department of Public Safety is responsible for maintaining the University’s emergency operation center, as well as the facilities for radio communications and implementation of contingency alert plans when conditions warrant. Assistance can be obtained by using one of the yellow emergency phones located throughout campus. In the event of an injury or illness, officers will coordinate emergency medical/first-aid treatment and transportation with the Clearfield County Communication Center.

For emergency service, call the Department of Public Safety at ext. 711 using a university phone or 570-484-2278 or 911 for the Clearfield County Communication Center.

The territorial jurisdiction of our University Police Officers include:

- All Lock Haven University buildings, grounds and streets owned, leased, rented, or controlled;
- They are reasonably contiguous to one another;
- They directly support or relate to Lock Haven University’s educational purposes.

**Emergency Phones throughout Campus**

There are yellow emergency phones located throughout campus. Pressing the red emergency button on any of the phones will immediately connect the caller to the Lock Haven University Department of Public Safety Dispatch Center. The kiosks emergency phones located in various areas throughout campus also have a blue strobe light that will activate when the red emergency button is pressed. When the call is received by the Dispatch Center a police officer will be dispatched to the location of the activated phone. The telephones may be used for any emergency; however, misuse of the phones may result in criminal prosecution.

**911 Phone System**

The 911 system on campus facilitates prompt fire and ambulance response to campus. When dialing 911 from any main campus phone, the Clearfield County 911 Emergency Services Communications Center will be able to display the specific location (street address, building, and room #) of the campus caller. This system does not work with wireless cellular phones. When the Clearfield County 911 Emergency Services Communications Center receives a 911 call from a campus location, they will dispatch appropriate fire and/or ambulance service. The Communications Center will also then contact the Department of Public Safety regarding the location and nature of the emergency call, and a University police officer will respond.
Working Relationship with Other Agencies
The Lock Haven University Department of Public Safety is the primary agency handling criminal incidents on campus. The department is equipped with a telecommunications system to contact and exchange information with surrounding local and state police, as the need arises. Lock Haven University maintains a working relationship with the Lawrence Township Police Department, the Pennsylvania State Police Woodland and the Clearfield County District Attorney’s Office. The Lock Haven University Police utilize the investigative services of the Pennsylvania State Police when circumstances dictate the need for additional capabilities for on-campus incidents. No formal memorandum of understanding exists with the Pennsylvania State Police, but resources are always provided if requested.

Criminal charges filed by Lock Haven University police officers are heard in the Magisterial District Courts 25-03-01 25th District or Clinton County Civil & Criminal Court of Common Pleas. Failure to appear in court may result in the judge issuing an arrest warrant.

Relationship with Local and State Police, Student Off-Campus Behavior
The Department of Public Safety works cooperatively with local and state police agencies to monitor and record reports of criminal activity at any off-campus location where the primary occupants are students who are members of a recognized student organization. The university also reserves the right to take disciplinary actions against students for violations of Commonwealth or Federal laws, regardless of where such actions occur, if the actions adversely affect the mission of the university or the health, safety, or welfare of members of the university or local community.

Lock Haven University expects that students conduct themselves at off campus locations in the same way as they do on campus, that is, with the highest respect and consideration of others. The Department of Public Safety works closely with all local, state, and federal law enforcement agencies and other related agencies to that end to preserve the safety of the surrounding communities, assisting those agencies with the sharing of demographic information and through the participation in investigations of various incidents, to maintain a positive relationship regarding the behavior of all students living off campus.

When a Lock Haven University student is involved in an off-campus offense, Lock Haven University Public Safety officers may assist with the investigation in cooperation with local, state, or federal law enforcement.

The University reserves the right to take necessary action to protect the safety and well-being of the campus community, its students, faculty, facilities and programs. All students, regardless of where they live, are members of the academic community with the same basic rights and responsibilities. All students are subject to the student disciplinary code. Violations which occur off campus may be dealt with by the University.

Lock Haven University also maintains a close working relationship with local schools and other institutes of higher education, so any on campus incidents involving students or guests from those schools are properly addressed by the appropriate authority.

Reporting Criminal Actions or Emergencies
The Clery Act requires that all reported incidents of murder, manslaughter, forcible and non-forcible sex offenses, domestic violence, dating violence, stalking, robbery, aggravated assault, burglary, motor vehicle theft, and arson that occur on campus or on property contiguous to campus be included in the annual report. If a victim of a crime which occurred on campus informs Public Safety police officer that he/she does not wish to have Public Safety police officer investigate, Public Safety will provide the victim with the Title IX Coordinator contact information to investigate.

In 2012, when the Violence Against Women Act was reauthorized, the Clery Act was expanded. It now requires that all instances of relationship violence, sexual assault, and stalking that occur on campus be part of the crime
report. This allows everyone to know how many crimes are occurring. The Clery Act does not require anything other than a number be reported; these numbers are based on both the confidential and formal reports that are made.

Title IX was designed to make sure that everyone has equal access to an education, free of coercion and harassment. Sexual assault, relationship violence, and stalking hinder an individual’s ability to reach their educational potential. All incidents of sexual assault, relationship violence, and stalking that are reported to the Department of Public Safety must then be reported by police to the Title IX Coordinator so they cannot be held in confidence. All incidents of these crimes must be reviewed. The Title IX Coordinator will respect a complainant’s request not to investigate, but must (by law) inform the complainant of his or her rights. The Title IX Coordinator is Deana Hill, East Campus Room J204, 570-484-2014. For Lock Haven University Sexual Misconduct Policy go to https://www.lockhaven.edu/hr/documents/LHU_Sexual_Misconduct_Policy_Final_Aug2020.pdf.

The Higher Education Opportunity Act (HEOA) specifies campus safety requirements in the following areas: hate crime reporting and emergency response and evacuation procedures required of all Title IV institutions, and missing student notification and fire safety issues required of any Title IV institution that maintains on-campus student housing facility.

The Lock Haven University community is encouraged to report offenses promptly and accurately to the Department of Public Safety or local police when the victim of a crime elects to or is unable to make such a report. **What is the role of a CSA?**

CSAs are required to report all crimes reported to them on a timely basis, to the Department of Public Safety. However, under the Clery Act, CSAs are only obligated to report Clery Act qualifying crimes which occurred on campus, in public areas bordering campus and in certain non-campus buildings owned or controlled (leased) by the University. If the reported crime is made in good faith, meaning that there is reasonable basis for believing that the information is not rumor or hearsay, then the crime is Clery reportable. The intent of including non-law
enforcement personnel in the CSA role is to acknowledge that some community members and students in particular, may be hesitant about reporting crimes to the police, but may be more included to report incidents to other campus-affiliated individuals.

If you observe any of these crimes, or if any person reveals to you that he/she learned of or was the victim of, perpetrator of, or witness to any of these crimes, you are required by law to report the incident to the Department of Public Safety to have a crime report taken by a public safety officer. You are not required to provide the name of the victim or witness to the police. Your report should include the time, date, location, and a detailed description of the incident. Please do not investigate the crime or attempt to determine whether a crime, in fact, took place. Simply make the report. Appropriate personnel may later contact you or others to gather additional information. The Department of Public Safety will then include the information in the annual security report.

Who is not a CSA?
The following non-CSA positions/functions but are not limited to: faculty member without responsibility for student and campus activity beyond the classroom; physicians/nurses in Health Service who only provide care for students; clerical or administrative support staff; cafeteria staff; facilities maintenance staff; information technology staff, or licensed mental health, when acting within the scope of their license or certificate; and other like functions.

In accordance with the Clery Act regulations, Campus “Professional Counselors”, when acting as such, are not considered to be a Campus Security Authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. Counselor Service provide confidential assessment and counseling for Lock Haven University students that are experience personal problems. The counselors are encouraged; if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary, confidential basis for inclusion into the annual crime statistics.

Building Security and Access Policy
Lock Haven University has established policies and practices designed to provide security and access in its facilities, whether in classrooms, offices, residences or other campus locations.

Under normal conditions, during normal business hours, Lock Haven University (excluding residence halls) will be open to students, parents, employees, contractors, guests, and invitees. Due to COVID-19, all buildings are locked down and only members of the Lock Haven Community including faculty, staff and students through card access doors. All individuals accessing University facilities are subject to all federal and state laws, as well as University policies and regulations. During non-business hours, access to all university facilities is by key, if issued, limited access card swipe, or by admittance via the Department of Public Safety or Residence Life staff. In the case of periods of extended closing, the officer will admit only those with prior written approval.
Academic and administrative buildings are checked for security (including card access doors) by the Department of Public Safety police officers daily. Academic and administrative building doors that have electronic doors have lock readers restricting access to only designated individuals after normal business hours. The Department of Information Technology maintains and monitors the card access program allowing the Department of Public Safety limited access.

Some facilities may have individual hours, which may vary at different times of the year. Examples are the Student Rec Center, Parson’s Union Building, Stevenson Library, Durrwachter Alumni Center, and the Sloan Fine Arts Building. In these cases, the facilities will be secured according to schedules developed by the department responsible for the facility and the Department of Public Safety.

**Residence Hall Facilities**

Security in the residence halls differs from academic and administrative areas of the campus because these are considered living spaces. Residence halls with common entrances have 24-hour card access control readers restricting access to only designated individuals. Residents of apartment-style housing use keys to enter their units through individual front doors rather than card access readers. Residence hall key control policies require that lock cylinder cores (with new keys) be changed immediately upon the report of a lost key.

A Residence Life employee is always on call to respond to any crisis that might arise and has access to the building. During business hours, the residence life staff, consisting of Housing and Residence Life professionals, student Resident Assistants, and maintenance and custodial staff, are in and around the residence halls. Specific information on each type of residence hall is available from the Housing and Residence Life Office. See the Student Handbook at [http://www.lockhaven.edu/](http://www.lockhaven.edu/) click on Student Life and then Student Handbook under Quick Links for rules, regulations and procedures regarding residence hall access.

All freshman resident students are required to attend residence hall meetings during the opening of each semester, at which time they are informed of all safety and security procedures and precautions as they pertain to their specific hall. Resident students are also required to attend meetings throughout the year prior to vacation periods to understand closing procedures necessary to ensure that student rooms and halls are safely secured for the vacation period.

All students receive written materials on residence hall safety and security procedures through the Student Handbook and handouts distributed from the Department of Student and Residence Life.

Every residence hall is equipped with an emergency phone located near the front entrance to the resident hall. These emergency phones are directly linked to the Lock Haven University Department of Public Safety and are accessed by pushing the red button inside the box. The Emergency Phones are tested periodically by the Public Safety Officers or by an employee within the Facilities Department to make sure they are in proper working order.

Lock Haven University utilizes a system of video cameras to monitor and record activity on University property. All video monitoring and related recording conducted by the University shall be limited to locations in which a person does not have a reasonable expectation of privacy, and conducted in a manner that is professional and ethical, and that is consistent with all relevant University policies. In general, camera locations are indicated with appropriate visibility or signage. However, the University may have cause to utilize the system in the course of conducting an investigation into conduct which violates law, University policy, or otherwise poses a threat to campus security or safety, or in the course of assisting in a law enforcement investigation. All other residence halls are locked and no one is permitted inside. Resident Hall Directors and/or staff inspect all residence halls.

During summer sessions, participants of conferences, camps and workshops occupy resident halls. These participants are placed in different buildings or in separate lockable sections of a residence hall than regular summer session students and are not permitted in other residence halls. If they must be housed in the same residence hall as students, they are not permitted on the floors occupied by students.

Representatives from various departments conduct security surveys to ensure campus lighting is adequate and the landscape is appropriately controlled. The Department of Public Safety conducts routine checks of lighting on campus during regularly assigned patrol duties. If lights are out or dim, officers will initiate an immediate work order, which is acted upon by a representative of the appropriate maintenance office, usually within 24 hours or the next business day. Substance Abuse Education Programs

Lock Haven University takes a comprehensive approach to reducing the risk of drug and alcohol abuse among college students. Bystander awareness program in use at Lock Haven University. At the opening meeting, students are also given information from the Pennsylvania Liquor Control Board on the medical amnesty law.
Many students also participate in Orientation Events which occurs prior to the beginning of the fall semester. At that time students participate in a variety of social and educational programs including an interactive program called Metamorphosis which emphasizes the connectedness between sexual assault, alcohol and drug use.

The University uses a student intern (working with the Associate Director of Student Life) to serve as an alcohol and drug resource and role-model for students. For incidents involving off-campus crimes, the Public Safety Department may issue a Crime Alert if in the opinion of the Chief of Police or designee feels there is a continue or on-going threat to the University community.

The Department of Public Safety must balance the need to provide information of an ongoing or serious threat to the campus community while also protecting the confidentially of the crime survivor to the maximum extent possible.

Emergency Notifications and Response
Consistent with the Clery Act, an emergency alert notification will be issued if there is an immediate threat to health or safety of students, faculty, staff and/or campus community taking into account the safety of the community. When appropriate, a status update may be given; a final alert message may also be forwarded. The Lock Haven University will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Under appropriate circumstances, the Public Safety Department will issue an Emergency Notifications concerning campus safety issues. The Lock Haven University Emergency Alert is an Emergency Mass Notification of an incident that is currently occurring on, or imminently threatening the campus.
When the Lock Haven University leadership confirms there is a significant active emergency or dangerous situation impacting the public safety of the campus, an urgent notification will be sent without undue delay by the Lock Haven University-Public Safety Dispatch Center through the Haven Emergency Alert system.

Initial confirmation by the Public Safety Department which may occur by observation of a police officer, multiple witness telephone calls, alarms activating in the Lock Haven University-Public Safety Department Dispatch Center or a confirmed report from another emergency responding agency (such as the National Weather Service, the fire department, ambulance, hazardous materials response team, etc.).

Examples of activations may include:

- An active violence incident, such as an active attacker
- A tornado or high wind warning for the county
- A major hazardous material spill
- An emergency reduction in operations

Information pertaining to incidents and/or emergencies on campus will be disseminated to the larger public via media organizations through the University Relations Department or individuals involved in emergency response on campus, as designated by the Chief of Police. Based on the circumstances involved in the emergency or dangerous situation, the Lock Haven University-Public Safety Department will develop a notification designed to aid in protecting individuals from harm, in preventing an incident from escalating into a larger or more complex emergency, and in preserving and maintaining law enforcement and other public safety operations.

Emergency Notifications likely will not be issued when the release of such information would compromise an investigation or when the report is made after considerable delay, such as seven or more days. Localized incidents within a building (such as a small fire, hazardous material spill in a lab or non-confirmed bomb threat) most likely will not require a mass notification.

Before or while Lock Haven University Public Safety Department personnel confirm the existence of an emergency or dangerous situation, the Public Safety Department Dispatch Center will notify first responders and will request their assistance at the scene. First responders called to a scene typically are the patrol officer/officers from the Public Safety Department. Depending on the nature of the incident, other Lock Haven University departments or other local, state, or federal agencies could be involved in responding to the incident. Lock Haven University will work in cooperation with these agencies to manage the incident.

Lock Haven University Emergency Alert is a multi-modal, all-hazards emergency notification system that includes all of the communications methods listed below. Based on a variety of factors, Lock Haven University Public Safety Department officials will determine which method or combination of methods should be utilized to communicate with the university community during an emergency. Each emergency incident is unique. The message for each incident/emergency also will need to be unique.

Lock Haven University leadership will determine the final message before activation. If there is a situation on campus that threatens the health and safety of our students, faculty, staff and visitors, the Public Safety Department or other university officials will warn our campus community using one or more of the following methods:

- **Mass text messaging (Ominlert)** - text message to each registered cell phone. Current students, faculty and staff must register a cell phone number that has a texting plan enabled. Cell phone numbers and other personal information will not be shared with anyone. Individuals with a cell phone are encouraged to sign up yearly by going to [http://www.lockhaven.edu/e2campus](http://www.lockhaven.edu/e2campus). You will need to log in using your lockhaven.edu email username and password. Mobile number and wireless carrier name is also required. Validation step must be completed or notification will not be sent to your device. LHU IT Department
sends out an email notification encouraging members of the LHU community to register or re-register. The system is purged yearly to eliminate stale records.

- **IP Paging** – an emergency message will be announced to all Lock Haven University telephones or the affected buildings.

- **Auto-Dial Phone Notifications.** Lock Haven University has the ability to send LHU Emergency Notification Alert phone recorded messages to all students, faculty and staff that opt-in and register their personal telephones. This system will call up to three telephone numbers of your choice and play a recorded message related to the alert. To access this system, please go to: http://community.lhup.edu/it/auth/idialout.php and log in using your full LHU email address and password.

- **Mass E-mail Notification.** Lock Haven University has the ability to send e-mails to all students, faculty and staff members with “@lockhaven.edu” e-mail addresses. All “@lockhaven.edu” e-mail addresses are automatically added to the LHU Alert system and cannot opt-out. This email is distributed by the Department of Public Safety when deemed necessary. This email would be accessible to any account holder whether they are accessing it from campus or remotely.

- **Emergency Notification Alerts.** Website (https://lockhaven.edu/publicsafety/emergencynotification.html) This web page is used to provide emergency and continuity related information to the campus community. The Emergency Notification ALERTS webpage is updated to provide incident-specific information in addition to simple alerts. The Emergency Notification ALERTS page allows the university to disseminate information beyond those individuals and groups directly associated with the Lock Haven University.

- **Local Media outlets.** Local media may include the LHU on-campus radio station as well as other local print, online, radio and television media outlets. The Department of Public Relations, will provide advisories to the media through a formal media advisory, a news release, or in response to media inquiries.

Additional information or follow-up instructions may be provided through any of these resources if the Public Safety Department determines that providing such information would be helpful to promote safety or to respond to the situation.

**Confirming the Existence of a Significant Emergency or Dangerous Situation and Initiating the Emergency Notification System:** Lock Haven University Public Safety Department and/ or other responsible university authorities may become aware of a critical incident or other emergency situation that potentially affects the health and/or safety of the campus community.

**Determining the Appropriate Segment or Segments of the University Community to Receive an Emergency Notification:**

Lock Haven University Public Safety Department may in conjunction with responsible campus authorities, determine the appropriate segments to notify and the appropriate modes to use. Generally, campus community members in the immediate area of the dangerous situation (i.e., the building, adjacent buildings, or surrounding area) will receive the emergency notification first. Lock Haven University Public Safety Department and responsible campus authorities will continually evaluate the situation and assess the need to notify additional segments of the campus population.

Speed and accuracy of the information are of utmost importance in issuing emergency notifications. To expedite this process and ensure each message contains essential information, the mass notification system contains prescribed templates for the most probable or highest impact emergencies. These messages identify the situation, allow for input of the location, and identify the immediate protective action that should be taken. The individual authorizing the message will select the most appropriate template. In those cases where there are no predetermined templates in the system, the individual may craft a specific message. The goal is to ensure people are aware of the situation and they know the steps to take to stay safe.
During an emergency, building occupants may be required to stay safely sheltered where they are located unless there is a specific threat within the building that requires them to exit. Police and other emergency personnel responding to the emergency will instruct occupants on what to do. If sheltering in place, all students and employees must remain in the building until such time as the emergency status has been lifted. Notification of an “All-Clear” will be transmitted through all above listed available communications methods.

Access to the University by outside citizens may be denied during an emergency.

In true emergency situations, messages to students, faculty and staff will be given priority over parents, spouses, significant others, and others that may not be on campus or directly impacted by the emergency.

In the event of any incident that would require notification of the community at large, University Relations would coordinate this dissemination at the report of the Department of Public Safety to local media outlets who would facilitate this notification.

**Lockdown Information**

A lockdown will be called for when an active threat is reported and will only be called by a member of the Department of Public Safety or the president(s) after serious consideration. The announcement will be communicated over the Haven Alert (phone) system.

When a lockdown is initiated and you are:

  - In an open area or washroom:
    - If you are near an exit, and it is safe, exit the building. Once outside, do not re-enter the building. Gather at a safe distance off campus.
    - If you cannot exit safely, go to the nearest room and follow securing actions;
    - Account for everyone in your area;
    - Lie on the ground, remain quiet and calm; and
    - Follow the directions given by Public Safety.

- If the fire alarm sounds during a lockdown:
  - Assess your area for signs of fire;
  - If no signs of fire, remain in lockdown;
  - If signs of fire, evacuate if safe to do so; and
  - If you choose to evacuate, use the safest exit.

**Note**

Lockdowns may be initiated in non-threatening circumstances to keep people away from areas where there may be a medical emergency, disturbance, or police activity.

**Testing of Lock Haven University Emergency Alert System**
Lock Haven University conducts a full test of the Haven Emergency Alert system twice per year. Emergency response and evacuation procedures are publicized to the campus community in conjunction with these tests. Each test is documented with a description of the test, date, time, and whether it was announced or unannounced.

**Exercises and Drills**- In order for the University to maintain a state of readiness and test critical response components, including emergency response and evacuation, annual exercises and drills are conducted. The Department of Public Safety is responsible for coordinating table top exercises and drill scenarios in order to test the university’s emergency response and evacuation procedures. Each exercise or drill is documented with a description of the test, date, time, and whether it was announced or unannounced.

**Fire Drills**- University Residence Life (Housing) in conjunction with Public Safety department conducts announced and unannounced fire drills, including full evacuation of the residence halls.

The Lock Haven University Student Conduct Policy and the Lock Haven University Employee Handbook prohibits the crime of dating violence, domestic violence, sexual assault and stalking as defined by the Commonwealth of Pennsylvania law, whether committed by an employee, student, or member of the public, occurring on University property. In connection with all the academic, educational, extracurricular, athletic, and other programs of the University, whether those programs take place on University owned or leased property or at another locations, or on an off-campus site or facility maintained by the University or on grounds or facilities maintained by a student organization or in a University owned vehicle. This is a violation of Lock Haven University policies and regulations, and is subject to all applicable punishment, including criminal procedures and employee or student discipline procedures.

**Statement of Policy**

**Changes in Academic/Work/Living/Transportation Situation**

The University will provide written notification to victims (students/employees) about options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or protective measures following an alleged report of domestic violence, dating violence, sexual assault or stalking incident regardless of whether the victim chooses to report the crime to University police or local law enforcement.

The University is obligated to comply with a student’s reasonable request for a living and/or academic situation change following an alleged sex offense. Accommodations or protective measures may be made if they are requested and if they are reasonably available. The Dean of Student and Residence Life and/or Deputy Title IX Coordinator are responsible for providing assistance to a student or employee to change such things as a change of class, assistance in working with instructors on “make up” assignments or tests, working with other university services on behalf of the student, allowing for the withdrawal of a class without a penalty, and change of work locations and/or work schedules for employees.

When making an accommodation or protective measure, the University will take necessary steps to minimize the burden on the victim. For example, it is not appropriate to remove a victim from a class while allowing an accused individual to stay.

When deciding what accommodations or protective measures to take, the University may look at different factors, including but not limited to; the specific need expressed by the victim, the age of the parties involved, the severity
or pervasiveness of the allegations, any continuing effects on the victim and if the victim or community and accused share the same class or work location.

To request a student academic situation change please contact the Dean of Student and Residence Life at (570)484-2319. To request a work situation change please contact the Chief Administration and Finance Officer/Title IX Coordinator at (570) 484-2014.

Safety and Risk Reduction Techniques
The best way to try to beat crime is to deny opportunity. The Lock Haven University Public Safety Department presents crime prevention programs upon request. Programs on personal safety and theft prevention are also presented by the Public Safety Department and other campus organizations throughout the year.

Training and educational strategies and tips on how to protect individuals from sexual assault, theft and other crimes are provided. Upon request, additional presentations and meetings may be arranged for any department or group.

Crime Prevention and Safety Awareness Tips

- Avoid studying alone. Let someone know where you are and an approximate time when you will be finished.
- Keep personal belongings in view at all times. Never leave them, even for a moment, to use the restroom or get a drink.
- Never prop open doors, especially fire doors.
- If you observe an individual in the improper restroom, leave immediately and notify the Public Safety Department.
- If you observe a suspicious person, report it to the Public Safety Department.
- Always walk with another person. Never walk alone to your car at night. If a classmate is not available, call the Public Safety Department and request an escort.
- Learn the locations of the yellow emergency telephones on campus.
- Walk on designated walkways that are well lit. Report poor lighting to the Public Safety Department. Avoid shortcuts through vacant lots, and other deserted places.
- Know the location of the Public Safety Department and other safe areas.
- If you suspect that you are being followed, turn or cross the street. If you are being followed, use a yellow emergency phone or personal cell phone to call the Public Safety Department. Find a safe area to proceed to, such as a highly visible area, or place where people can see you.
- Do not leave valuables, such as your wallet, purse, GPS, or backpack in open view. Conceal or leave the items in a safe place, such as in a locker or trunk of your car.
- Do not give keys away. They can be duplicated. Always keep keys in your possession.
- Verify that the workers have authorization to remove items.
- Report all thefts and other crime immediately.
- Keep the Public Safety Department and fire emergency numbers programmed in or near your phone.
- Have your keys out and ready. Reach your car with keys in hand, so you do not have to fumble around in a purse or book bag looking for your keys.
- Make arrangements with neighboring office staff when you will be away from your office. Ask them to keep an eye on the place.
- Be alert and aware of your surroundings. Walk with confidence. Show through body language that you are aware and in control.
- Always cross at marked crosswalks. You increase your chances of being hurt if you cross elsewhere.
- Do not use earphones or earbuds while walking.
• Be prepared to stop at all marked crosswalks. Stay alert and reduce speed in areas with crosswalks.  
• Never pass another vehicle that has stopped or is slowing down at a crosswalk.  
• Let someone know. If you are having problems with an "ex" that is stalking you, let friends and family know. Tell the Public Safety Department so we may assist you. Document problems with local Police and request a Protection from Abuse Order. Stalking is against the law, either by mail, email, computer, phone, or in person!

Bystander Intervention
Bystander intervention is defined as safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention focuses on helping individuals understand and become more sensitive to crimes of dating violence, domestic violence, sexual assault and stalking by providing prevention and interruption skills. The bystander role includes interrupting situations that could prevent an assault before it happens. It involves speaking out against social norms that support these crimes, recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking actions to intervene.

The following are bystander strategies that may be utilized.

- Bystanders should notice the incident taking place.
- Determine if someone needs assistance.
- Assume responsibility. Be ready to intervene even if others do not. Do not assume someone else will intervene.
• Speak up when you hear others make sexist comments or jokes.
• Speak up if you see someone intentionally getting someone else intoxicated.
• Speak up if you see a friend leaving with someone who is intoxicated.
• Remind friends that sexual contact with an incapacitated person is against the law. There must be AFFIRMATIVE CONSENT.
• Attempt to help. This may include helping a person to leave the situation, directly confront a behavior, distract the person(s), or delegate others to help.
• Approach everyone in a respectful manner. Avoid using violence. Be honest and direct whenever possible. Recruit help if necessary. Keep yourself safe. Call the police any time that you feel it is necessary.
• If you choose to intervene, distractions or diversions may be viable strategies that can stop an aggressor from continuing his/her actions

Risk Reduction
Risk reduction are options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence. While dating violence, domestic violence, sexual assault and stalking is ALWAYS the fault of the perpetrator, consider taking these steps that may help in lowering risk.

• Be aware of your surroundings. Do not focus/text on your cell phone while walking.
• Have your car keys ready. Do not focus your attention on searching through your bag. Check your backseat before entering your vehicle.
• Do not get into person(s) vehicles who may offer you a ride back to your vehicle to take your parking space. Do not pick up person(s) to give them a ride back to their parking space.
• Consider engaging in group activities in the early stages of dating,
• Go to social gatherings with a friend and be responsible for each other. Arrive together, leave together.
• Have a pre-planned signal to let your friend know if someone is making you uncomfortable, that you want to leave or need help.
• When dating, consider letting a friend know whom you are dating, where you are going, and what time you plan to return.
• Meet and STAY at public places. Have a plan to arrange for your own transportation if you want to leave.
• Communicate clearly and often to your partner. Verbalize your expectations with your date. Talk about boundaries.
• Drink responsibly or not at all. Do not abuse substances that might hinder your ability to think clearly, communicate or act quickly.
• Be aware that someone who may already be sexually aggressive when sober may become more sexually aggressive when intoxicated.
• Do not accept drinks from people you do not know or trust. Keep your drink with you at all times. Watch your drinks being made.
• Trust your instincts. Guard your personal space. If someone makes you uncomfortable, remove yourself from the situation.

Procedures Survivors Should Follow in the Case of Alleged Dating Violence, Domestic Violence, Sexual Assault, or Stalking
The first priority for a victim of dating violence, domestic violence, sexual assault or stalking is to get to a place of safety away from the attacker. Seek medical care as soon as possible. Even if you do not have any visible physical
injuries, you may be at risk of becoming pregnant or acquiring a sexually transmitted disease. Contact someone who may help you such as law enforcement, your local rape crisis center or a person you trust.

When filing a police report, an officer will take a crime report, and if appropriate, arrange for a free medical exam. Once the report has been investigated and a suspect has been identified, law enforcement officers will take any appropriate action, including bringing the case to the District Attorney’s Office for review. If suspect is unknown or they may be at large within the township’s jurisdiction the appropriate law enforcement agencies would be notified.

How and to Whom the Alleged Offense should be Reported
Any student/employee, including a third party, may make a report concerning sexual misconduct. Complainants and third-parties are encouraged to report incidents of dating violence, domestic violence, sexual assault, and stalking as soon as possible to one of following to allow the University to respond promptly and effectively:

These crimes should be reported directly to:

- LHUPD at 570-484-2278 or 711 using a University Cisco telephone,
- or by calling the Roads to Peace at 570-748-9509,
- or the Title IX Coordinator or designee at 570-484-2014 or 570-484-2153.
- or local area law enforcement by dialing 9-1-1.

Reporting Party’s Rights and Interim Measures for Incidents of Dating Violence, Domestic Violence, Sexual Assault and Stalking
If a Lock Haven University student who is a survivor of sexual assault or relationship violence requests a change in her or his living arrangements, academic schedule, working arrangements and/or transportation arrangements, the Office of Student and Residence Life and/or Title IX Coordinator will assist the student. If a Lock Haven University employee who is a survivor of sexual assault or relationship violence requests a change in her or his working arrangement the Title IX Coordinator will assist the employee.

In addition, the university may issue “no contact” letters and provide assistance for the reporting party to obtain a Protection from Abuse (PFA) order or a Sexual Violence Protection (SVP) order through the local Clearfield County judicial system. All protective measures or accommodations provided to the reporting party relating to any complaint of dating violence, domestic violence, sexual assault, or stalking are kept confidential. Only university employees charged with supervision and monitoring compliance with these orders or accommodations are made aware of their existence when applicable. Reporting parties will be advised by the Title IX Coordinator, and/or Dean of Student and Residence Life when requested protective measures or accommodations will require third-party disclosure (to whom and what information) to fulfill any requested accommodation.

A pamphlet entitled “Title IX Resource Card” is a campus resource that is provided in print to parties (students or employees) reporting dating violence, domestic violence, sexual assault or stalking. The resource provides information about sexual misconduct, relationship violence, educational information, safety tips and information.
about how to respond to and report sexual violence. This pamphlet provides counseling, health concern resources, mental health resources, information on advocacy for the reporting party, legal assistance resources,

The Student Handbook provides additional information on protective measures and how to request assistance or changes to academic, living, transportation and working situations through these processes.

Information on services, rights and options are provided to all reporting persons (students/employees) whether the incident occurred on campus or at another location, and regardless of whether or the person chooses to report the crime to University Police or local law enforcement.

If you have been sexually assaulted, you are encouraged to report the incident to Public Safety, located within the Glennon Infirmary Building, or by calling 570-484-2278. Because all allegations of sexual assault have the potential to involve criminal conduct, the university strongly encourages anyone who has been sexually assaulted to first report directly to Public Safety. All reports of dating violence, domestic violence, sexual assault or stalking are kept confidential. Information regarding reporting parties’ identities and identities of other involved parties are not released in publicly available daily logs or disclosed for Clery purposes. You should seek medical attention immediately because you could be injured, internally or externally. A medical examination could also provide important evidence of assault that is vital for the prosecution of the offender. Don’t bathe until you have had a medical exam; you literally could be washing away valuable evidence. Save the clothing you were wearing; place in a paper bag to preserve for evidence as well.

**Preservation of Evidence**

If you are a victim of dating violence, domestic violence, sexual assault or stalking, time is also a critical factor for the preservation of evidence that may be helpful for proving the criminal offense occurred or may be helpful in obtaining a protection order. Completing a forensic examination would not require someone to file a police report, however having a forensic examination will help preserve evidence in case you decide at a later date to file a police report. It is ideal to collect forensic evidence from the body within 72 hours. However, a victim should not refrain from reporting an assault simply because there has been a delay. UPMC and Lock Haven University are part of the S.A.N.E. Program (Sexual Assault Nurse Examiner).

- Do not wash your hands, bathe yourself, use the restroom, brush your teeth, or drink anything until a medical exam can be provided and evidence collected.
- Consider remaining in the clothing worn during the assault or putting the clothing in a paper bag (not plastic) so that it can be entered into evidence.
- Do not clean or straighten up the area where the assault occurred.
- Note names/descriptions of other people who may have witnessed, been present in the area or have knowledge of the assault.

**Protective Orders, Criminal/Civil Prosecution and Rights of Crime Victims**

Where applicable, a victim may have the right to obtain an order of protection, no contact orders, or similar lawful orders issued by a criminal, civil, or by the University. Victims can petition for an order at the courthouse/district justice office or with help from a Roads to Peace program. Lock Haven University will honor, comply and enforce current and valid restraining orders and/or orders of protection. When an order of protection is violated, the victim should immediately notify the appropriate law enforcement agency where violation of order occurred.

- Lock Haven University Public Safety Department (570)484-2278
- Pennsylvania State Police (Woodland Barracks) 9-1-1
- Woodward Township Police Department 9-1-1
In cases of violations of University “no contact” orders, the Lock Haven University Public Safety office or individual who issued the order should be immediately contacted.

Below are different legal options available under certain circumstances.

- A Protection from Sexual Violence and Intimidation (PSVI) Act applies to adults and minors (children younger than age 18) who are victims of sexual violence, harassment, stalking, and intimidation when the person who is abusing them is not a member of their family or household. The Act gives victims a way to get a court order that requires the offender to stay away from them.
- PFA (Protection from Abuse): A victim may pursue a PFA order through the local courts against an intimate partner or a family member.
- Civil prosecution: A victim may also pursue civil remedies through the civil court system. Contact the local District Justice Office.
- Rights of Crime Victims: Victims of crime or a family member of a victim have many rights throughout the criminal justice system.
- University Orders of Protection: Under the Sexual Misconduct Policy Investigations, the University may take measures to protect a complainant who reports being the victim of these crimes. These protective measures may include; prohibiting the accused individual from having any contact with the complainant, by providing escorts to ensure that the complainant can move safely between classes and activities, ensuring the complainant and alleged perpetrator do not attend the same classes or work in the same work area, and preventing offending third parties from entering the college. Orders of protection may be requested from the University Title IX Coordinator (570) 484-2014, Deputy Title IX Coordinator (570)-484-2153, or Dean of Student and Residence Life (570) 484-2319.

Disciplinary proceedings for students will be conducted in accordance with the Lock Haven University Sexual Misconduct Policy, while disciplinary procedures for employees will be conducted in accordance with the Lock Haven University Employee Handbook and the employee’s appropriate collective bargaining agreement.

The Sexual Misconduct Judicial Board shall exercise appropriate sanctions when deemed necessary. The Chief Administration and Finance Officer/Title IX Coordinator or designee shall impose appropriate disciplinary sanctions against employees.

Continuances or Granting Extensions: The University may determine that multiple sessions or a continuance is needed to complete a hearing. The University will notify all participants and endeavor to accommodate all participants’ schedules and complete the hearing as promptly as practicable.

Employee Appeals will be decided by the University President or designee, who will be free of conflict of interest, and bias.

The outcome of all appeals will be provided in written simultaneously to both parties, and include rational for the decision.

Standards of Proof
The standard of proof used during an institutional disciplinary hearing arising from an allegation of dating violence, domestic violence, sexual assault or stalking will be a “preponderance of the evidence” standard. This standard is the same as is used in civil courts, and is not the standard of beyond a reasonable doubt. The preponderance of the evidence means that the offense “more likely than not” occurred—i.e., greater than 50% likelihood.

In evaluation of complaints involving sexual assault, it is not a valid excuse that the accused believed the complainant consented if: (A) the accused’s belief arose from his or her own intoxication or recklessness, or (B) the accused did not take reasonable steps to ascertain whether the complainant affirmatively consented.

A complainant or witness who participates in an investigation of sexual assault, domestic violence, dating violence, or stalking will not be subject to disciplinary sanctions for a violation of the University’s student code of conduct policy at or near the time of the incident, unless the University determines that the violation was egregious,
including but not limited to, an action that places the health or safety of any other person at risk or involves plagiarism, cheating or academic dishonesty.

**Same Opportunities to Have Others Present During Proceedings**
The complainant and the respondent will have the same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice.

**No Limitations on the Choice of Advisor**
The University may not limit the choice of advisor or presence for either the accuser or the accused in any meeting or institutional disciplinary proceeding; however, the University may establish restrictions regarding the extent to which the advisor may participate in the proceeding, as long as the restrictions apply equally to both parties.

**Simultaneous Notification**
The University will simultaneously notify, in writing, both the complainant and the respondent of:

- The result of any institutional disciplinary proceeding that arises from an allegation of dating violence, domestic violence, sexual assault, or stalking
- The institution’s procedures for the respondent and the complainant to appeal the result of the institutional disciplinary proceeding, if such procedures are available
- Any change of the result
- When such results become final.

**Protection of Confidentiality of Victims and other Necessary Parties**
Lock Haven University will maintain the identity of any alleged victim or witness or third-party reporter of domestic violence, dating violence, sexual assault or stalking on University property, as defined above, in confidence unless the alleged victim or witness, or third-party reporter specifically waives that right to confidentiality. All inquiries from reporters or other media representatives about alleged domestic violence, dating violence, sexual assaults or stalking on University property shall be referred to the University Relations Department (Strategic Communications and University Relations Department), which shall work with the University Police Department to assure that all confidentiality rights are maintained.

Alleged victims of domestic violence, dating violence, sexual assault or stalking are also required to maintain any such information in confidence, unless the alleged assailant has waived rights to confidentiality. Victims/survivors are protected under FERPA (Family Educational Rights and Privacy Act), which means that the institution cannot disclose confidential information outside of an educational need to know basis without the written consent of the victim/survivor or a legally valid court order.

The University will keep an investigation confidential to the extent possible, but cannot guarantee absolute confidentiality because release of some information on a “need-to-know-basis” is essential to a thorough investigation. When determining whether to maintain confidentiality, the University may weigh the request for confidentiality against the following factors; the seriousness of the alleged harassment; the complainant’s age; whether there have been other complaints about the same individual; and the accused individual’s rights to receive information about the allegations if the information is maintained by the University as an “educational record” under the Family Educational Rights and Privacy Act. The University will inform the complainant if it cannot maintain confidentiality. It is important for a victim to know that certain information concerning details of the offense and the actual investigation of these crimes may be given to other University employees.

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC §1092 (f)) requires colleges and universities across the United States to disclose information about crime on and around their campuses as described by Clery geography. The Public Safety Department maintains a close relationship with all police departments where Lock Haven University owns property. This ensures Public Safety awareness of crimes reported to these police department that involves the University.

The Public Safety Department collects the crime statistics disclosed in the charts below through a number of methods. Public Safety dispatchers and officers enter all reports of crime incidents made directly to the Public Safety Department through an integrated computer-aided dispatch system/records management system. After an officer enters the report in the system, a department supervisor verifies the report is appropriately classified in the correct crime category. The department periodically examines the data to ensure accurate recording according to the crime definitions outlined in the FBI Uniform Crime Reporting Handbook and the FBI National Incident-Based Reporting System Handbook (sex offenses only). In addition to the crime date that the Public Safety Department maintains, the statistics below also include crimes that were reported to various campus security authorities, as defined in this report. The statistics reported here generally reflect the number of criminal incidents reported to the various authorities. The statistics reported for the subcategories on liquor laws, drug laws and weapons offenses represent the number of people arrested or referred to campus judicial authorities for respective violations, not the number of offenses documented.

The Clery Act requires institutions to include four general categories of crime statistics:

Criminal Offenses, including
- Murder and Non-negligent Manslaughter
- Negligent Manslaughter
• Sexual Assault, including
  • Rape
  • Fondling
  • Incest
  • Statutory Rape
• Robbery
• Aggravated Assault
• Burglary
• Motor Vehicle Theft
• Arson

Hate Crimes

VAWA Offenses
• Domestic violence
• Dating violence
• Stalking

Arrest & Referrals
• Weapons Law Violations
• Drug Law Violations
• Liquor Law Violations

Under the Clery Act, for the purposes of counting and disclosing Criminal Offense, Hate Crime, arrest and disciplinary referral statistics institutions must do so based on definitions provided by the Federal Bureau of Investigation’s (FBI’s) Uniform Crime Reporting (UCR) Program. For the categories of Domestic Violence, Dating Violence, and Stalking, the Clery Act specifies that institutions must use the definitions provided by Violence Against Women Act of 1994 and repeated in the Department’s Clery Act regulations.

The statistics listed below are provided in compliance under federal law with the specific time periods, classifications, geographic categories, and arrest data. (Please note that incidents shown in the On-Campus Residential category are also counted in the statistics shown in the Campus category).

Fire Safety Report
Definition of a fire: A fire is any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

Clearfield Campus has one resident housing facility that is owned and operated by the Lock Haven University Foundation office. This facility is located at 300 University Drive and called Foundation Village.

All apartments have smoke detectors, fire extinguishers, evacuation plans and placards, and sprinkler systems installed. These systems are monitored by a contracted firm under the direction of the Lock Haven University Foundation office.

Fire Alarm Response Procedures
University Community (students, employees, and guests): If you discover fire or see smoke, remain calm.

- If possible, close the door where the fire is located.
- Activate the nearest fire alarm pull station.
- Once the fire alarm is activated, ALL persons MUST leave the building.
- Call 911, 814-765-5341 (Clearfield Main Office) or 814-765-1533 (Lawrence Township Police Department) from a safe location and provide your name, the building name and room # is available and the nature of the emergency.
- Do not hang up until you are instructed to do so by the Public Safety Dispatch. Evacuate immediately. Use the nearest exit. Never allow the fire to get between you and the exit. Always keep your means of escape open.
- Alert other occupants who may not have heard the alarm or who are not responding to the alarm to immediately evacuate the building.
- The fire alarm may not sound continuously; continue to evacuate even if the fire alarm stops.
- Leave the lights on and do not lock the doors.
- If the door is hot, do not open it. Call 911 for help. Seal up cracks around the door with damp towels, sheets, etc. Signal rescuers by hanging a sheet or other object from the window.
- Do not use elevators if the fire alarm is activated or in the event of an actual fire.
- Report to the designated evacuation area. Move a minimum of 100 feet from the building. Keep roads and sidewalks clear for emergency reasons.
- Do not re-enter the building until told to do so by University officials.

Anyone who does not comply with the evacuation procedures will be subject to disciplinary action.

Fire Safety Statistics
Clerical Support Staff at Clearfield is responsible for the maintenance of the daily fire log and fire safety statistics. This record includes both electronic & hard copies with information including: the date the fire was reported, the nature of the fire, the date and time of the fire, the general location of the fire, and any fire that occurs in an on-campus student housing facility. Fires are recorded by the date they are reported.

Public access is allowed to the fire log upon request by calling 570-484-3443 or Public Safety Department at 570-484-2278.

No fires have been reported for 2018, 2019 and 2020 reporting year.

Fire Inspections
Under the direction of the Facilities Department and an outside contracted agency annual testing is performed on the fire detection and suppression systems in compliance with NFPA (National Fire Protection Agency) regulations.
Under the direction of the Public Safety Department all fire extinguishers are tested annually by a contracted service in compliance with University regulations.

Note: Foundation Village (Foundation owned) completes an annual testing of the fire detection and suppression systems.

**Fire Safety Policies**
Fire safety regulations are intended to prevent injuries to members of the University community and physical damage to facilities. Because of the seriousness of the regulations that cover fire safety, there are criminal and civil penalties for intentionally setting any fire, for intentionally causing any false fire alarm, and for vandalizing or tampering with any fire alarm or fire protection equipment (including covering smoke/heat detectors). Probable sanctions for these violations are removal from campus housing and/or criminal prosecution. Report all fires to the Public Safety Department.

**Smoking:** Not permitted in all academic and residence halls or apartments.

**Appliances:** Not permitted in residence halls (hot plates, broilers, electric fry pans, corn poppers, etc.) Campus Village apartments are equipped with an electric stove and refrigerator. Certain electrical appliances (space heaters, sun lamps, heat lamps) may not be used in the residence halls or apartments.

**Open Flame:** Candles and incense, oil lamps are not permitted in the residence halls or apartments.

**Training Programs:** Various training programs are conducted on campus. Residence hall staff provide training to students on evacuation procedures, meeting areas, room regulations concerning items that are prohibited, smoking policies, etc. The Public Safety Department will provide training programs on evacuation procedures for employees upon request.

**Future Fire Safety Improvements**
Fire Safety has always been and continues to be a high priority at Lock Haven University. We continue to assess what more can be done to:

- Assure a Fire Safe Environment
- Raise our Fire Preparedness and Prevention
- Renew the Fire Safety Instructions and Fire Evacuation Procedures
- Update Available Training and Information
- Inspections and tests of our Fire Suppression and Protection Systems will continue on an annual schedule and any deficiencies will be corrected in accordance with the NFPA Code.
