close contact with people who are sick

symptoms may show up 2-14 days later

no vaccine is available

WHAT ARE THE SYMPTOMS?

fever

cough

shortness of breath

GUIDANCE FOR TRAVELERS

Travelers from mainland China who have returned to the United States after being in China within the **last 14 days** are advised to (at minimum) self-monitor for fever, cough and shortness of breath and stay home avoiding group settings including work and school.

Travelers from Hubei Province, who have returned to the United States after being in China within the **last 14 days** are advised to stay home and avoid contact with others and contact 1-877-PA-HEALTH (1-877-724-3258).

Travelers who develop symptoms should **avoid contact with others** and contact 1-877-PA-HEALTH (1-877-724-3258) to discuss their symptoms and recent travel history.

People should not be excluded from activities based on their race or country of origin. This guidance is based only on a person's travel history.

PREVENTION

wash hands with soap and water for 20 seconds

don't touch face with unwashed hands

avoid contact with sick people
